## Frequently Asked Questions

### *Who can participate?*

This choir is open to children in grades 2 - 6. We would like to start a preparatory choir for younger singers later. However, if your 1st grader is an active singer, let's schedule an audition now.

### *What experience is required?*

None! Children need to have a pleasant singing voice and enjoy using it.

### *Do my children need to know how to read music?*

No, but you can expect your child to gradually become more musically fluent in a fun and enjoyable manner.

### *What happens at an audition?*

Auditions are very relaxed. No one is expected to have a song prepared, but if they do, we'd love to hear it. Children will sing some short phrases which demonstrate their readiness for choral activities of this nature. Auditions last about 10 or 15 minutes. Please be on time. Call the Conservatory *now* to an audition time: (509) 664 - 0412

### *When & where are rehearsals?*

First session is September to December, second session is January to May. Rehearsals are held at CRMC in the multipurpose room. The program for each week will be the same.

### *Will the choir sing in public?*

Of course! There will be at least two to three public concerts each session.
